

Canva Layout- Editing Page

9

The image shows the Canva editing interface. The top navigation bar includes 'File', 'Resize', 'Editing', 'Canva Basics', 'MS +', 'Print with Canva', and 'Share'. The left sidebar has sections for 'Design', 'Elements', 'Text', 'Brand', 'Uploads', 'Tools', 'Projects', and 'Apps'. The main canvas displays a template with the text 'Discover our latest launches'. The right sidebar shows sharing options with '0 visitors', a search bar for 'People with access', and a 'Copy link' button. Numbered callouts (1-11) point to various features: 1. Design, 2. Elements, 3. Text, 4. Brand, 5. Uploads, 6. Tools, 7. Projects, 8. Apps, 9. File Name, 10. Share, and 11. Download.

1 Design - View your design pages and rearrange or add more

2 Elements - Add shapes, lines, icons, illustrations, stickers, charts

3 Text - Add headings, subheadings, or body text to your design

4 Brand - Access your brand fonts, logos, and colors (Pro feature)

5 Uploads - Upload and insert your own images, logos, or videos

6 Tools - Access AI tools like Magic Write or Background Remover (Pro)

7 Projects - See all your saved designs, templates, and folders

8 Apps - Connect to external content (like Google Drive, Bitmoji, etc.)

9 File Name - Click to rename your design

10 Share - Invite others to view or edit your work

11 Download - Save your design (PDF or PNG) to print or share
