## SPL RETURNS TO CURBSIDE SERVICE

As of December 29, the library will be returning to curbside service only due to Covid-19 staffing and public health considerations. Additionally, we'll be reducing our hours from seven to five days a week, remaining closed on Sundays and Mondays.

This means that many of our regular services: access to public computers, photocopiers, MakerSpace appointments, and others will be unavailable. However, Stratford Public Library will continue to offer engaging virtual programs for all ages, custom reading selections, remote printing, and more! Those requiring vaccine receipts printed are asked to phone the library so staff can prepare the documents for curbside pick-up.

The Library Board and management will review the situation in two weeks' time and look forward to bringing back in-person services as soon as it is safe to do so.

The Library's website and social media channels will be updated with new information as it is available. We thank the community for their patience and understanding and wish you all health and happiness in the new year.
