Stratford Public Library Working Towards Phase 3 Reopening

Stratford, ON, July 17, 2020 – Based on the Province’s announcement regarding Phase 3 Reopening, the Stratford Public Library is working to expand access to its services, including the physical building. As resources permit in the coming weeks, the Library will prioritize re-opening for computer appointments, and extending its hours. Given the physical challenges of the building, staff are working through how to uphold the highest standards of public safety, and serve the maximum number of people in the safest way possible.

The following services are currently available at SPL:

- Curbside Pickup: Tuesdays & Thursdays 2-8, Saturdays 10-4
- Book Drop Open 24/7
- Telephone and Email service to answer questions and manage accounts – ask our staff about our customized reading selections!
- Online browsing and booking services
- Online video programs for children and youth
- App-based summer reading challenges for ALL ages

The Library’s website and social media channels will be updated with new information as it is available.

The Stratford Public Library would like to thank the residents of Stratford for their patience as we work through the process of reopening the building while keeping our community safe. **We’re in this together.**
